MEET THE JUDGES

In 2019, we started Montgomery Briggs Ranch in Tennessee. The ranch is named after our 2 boys. We’re both originally from north Missouri and grew up on crop and cattle farms. We ventured to Nashville in our early 20s. There we ran a successful landscaping business for 10 years. Logan started the venture in Registered Texas Longhorns and it took a year before Kortni started studying pedigrees and finally got into them too!

In 2022, we decided to buy more land and headed back to Missouri to focus on growing our herd! There’s nothing we don’t love about longhorns and the longhorn community! Kortni’s favorite part is their mothering ability and ease of calving, besides their obvious beauty! Growing up having winter babies with commercial herds is for the birds! Logan is the wrangler and master of castration, having to castrate hundreds of calves every year on the farm. The two of us

work the herd and are involved in every part of the cattle. Teaching our three babies the ranch life and about hard work!
